

IKURANGI ECO RETREAT

Rarotonga

Ikurangi Eco Retreat is located inland in Matavera, on the eastern side of Rarotonga. This intimate property is nestled amongst nature's tropical best with beautiful palm trees, acres of green lawns and lush tropical gardens. Ikurangi Eco Retreat is special in a way—is the Cook Islands' first and only purpose built eco accommodation, and glamping (glamour camping) site.

The retreat was designed to cater for guests from all walks of life that care about their impact on our precious environment. The importance on minimising the retreat's effect on the environment is what inspired the idea of using glamping tents. The property uses shallow foundation for decking, modern composting toilets, low-energy light bulbs and solar lighting where possible, sustainably sourced materials, wastewater to irrigate gardens, natural and biodegradable toiletries and cleaning products, and has available bicycles that guests can use for free.

All tents and rooms have the necessities including courtesy mobile phones, power points, pedestal fans, hot water, tea & coffee making facilities, bar fridge and of course a room safe for your valuables. There are no TVs so you can spend more time admiring the trees and plants that surround you.

The Luxury Safari Tents are perched upon private timber decks, overlooking the Ikurangi site and the best of nature's tropical greenery. These rooms are perfect for couples or two friends travelling together.

The Ariki Safari Tents are a popular choice for couples, honeymooners or those wanting something a little extra special. They are spacious and boast true Polynesia through the décor and some of the materials that were used to build them. They also have luxurious waffle robes, a large timber deck area with outdoor lounge furniture that one can relax on, fully screened windows and a private star gazing outdoor claw bathtub.

The Tropical Ares have been designed with the tropics in mind, featuring cool high ceilings and woven materials. Each room boasts a private deck with a stunning view of the majestic Takitumu mountain ranges. These rooms come with a day bed and a private en-suite.

Ikurangi Eco Retreat is no doubt a place where you can relax, reflect and appreciate the natural beauty of Rarotonga in style and comfort, whilst doing your part in caring for and protecting the environment.
